

## INDIA'S ONLY ELECTRIC VEHICLE ECOSYSTEM WITH CHARGING SOLUTION AS A “HOOK”

# What do we do?

Lithion Power integrates the EV eco-system by offering the technology that glues the eco-system together using “Intelligent Energy Platform”

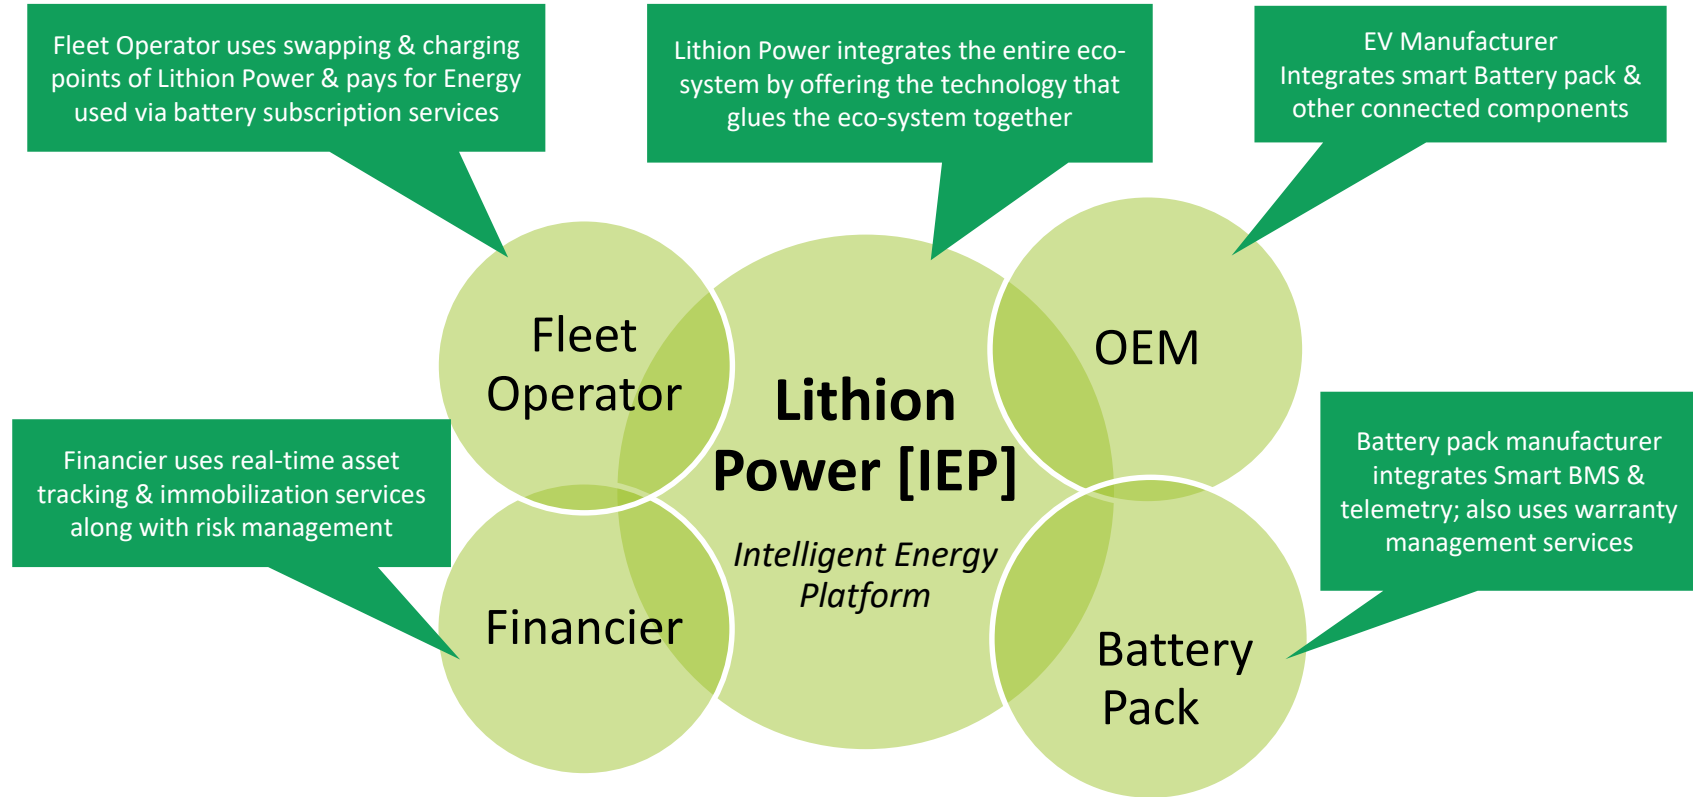

## What we DO

- ✓ Operate Intelligent Energy Platform which provides omni-channel Battery subscription & EV Charging services
- ✓ Provide key EV technology elements
- ✓ **(New)** EV fleet management for B2B delivery

## What we DON'T

- ✓ Own batteries on balance sheet
- ✓ Manufacture Li-ion batteries
- ✓ Manufacture Electric Vehicles

# Intelligent Energy Platform (IEP) glues Ecosystem Together

Technology, analytics and connected network will create significant entry barriers to late entrants

# Intelligent Energy Platform (IEP) - Driver mobile App

### Dashboard

### Current Status

### Nearest LSP
